

KLOVE in Elgin/Chicago, Illinois has been a very important radio station for us since moving to the area in July. Previously, we lived in the Cincinnati area and listened to KLOVE exclusively for the past three years. Our preference is to have a national radio station that we can listen to as we travel across the country versus LPFM stations. KLOVE is a family friendly, uplifting radio station that serves many listeners across the country. We believe it is in the country's best interest to not replace KLOVE with LPFM stations.

Matt and Marie Bryant
